

Dear Friends and Supporters.

The **October 2021 Caucus Newsletter for the Persecuted Church** is now available from c.v.r.blacker@btinternet.com.

This month there is a CNN report on the torture and rape of Uyghur Muslims in China based on interviews with victims and ex- CCP police officers.

A Universal Declaration on Combating and Preventing Forced Organ Harvesting is launched.

The United Nations states that Christians in China are “at risk of torture”. However there is still massive appeasement from the West towards the CCP – the latest example being Apple’s decision to take down its Bible app on which so many Christians in China depend.

With clear echoes of what was discovered within the *UK* Home Office and asylum system it has now been revealed that the Biden Administration is blocking the rescue of persecuted Christians from Afghanistan – people who are, literally, living in fear of their lives.

In Nigeria – where more Christians have been killed for their faith than in any other country – another 36 Christians are murdered by Fulani Islamists whilst the Government looks the other way. An international outcry is building at the evident complicity of Buhari’s regime in this slow genocide.

From Europe a disturbing report on antisemitism - a survey of attitudes.

In Pakistan a man is given two death sentences for a senseless and sectarian killing of ‘ritually impure kaffir’ (i.e. a Christian man and his mother) in an argument over water drainage for which they were not remotely responsible. But there is dismay and fear amongst all the religious minorities after the bill on forced conversions of non-Muslim girls is rejected by Parliament.

In Bangladesh more murders leave Hindus living in fear following mob attacks.

Do feel free to pass on this newsletter to friends and colleagues, and to use the material for presentations, fund-raising, prayer groups, and writing to your MP. *This* is how we can make a difference.

If a friend or colleague would like to receive this newsletter please invite them to contact me for inclusion in the confidential (GDPR compliant) mailing list.
