The Old Cathedral School, Truro

A special community screening: The People's Emergency Briefing #PEBuk. What's happening with climate and nature, and what does it mean for everyday life in the UK?

Join us for a screening of the People's Emergency Briefing – an eye-opening film bringing together nine leading UK scientists and experts with the latest evidence and why it matters for things like: extreme weather, food security, health and the cost of living.

The film is based on the National Emergency Briefing in Westminster, with appearances from Chris Packham, Deborah Meaden, and a range of voices from across the UK.

After the film there will be a short open discussion about what it means for our community and what we can do locally.

Registration 6.30 pm; start 7.00pm. Seats are free but limited so please book in advance here:
