

# Money Counts Training for Cornwall.

The '[Cornwall: Worrying About Money?](#)' leaflet is a simple resource for people facing financial crisis- and those supporting them – to quickly see available advice and support options and which agencies are best placed to help. Now more than ever, it is vital that people with money worries are linked into support at the earliest opportunity.

This free 1hr online training session is for frontline organisations in Cornwall who may have brief conversations with people about their worries as part of their role.

After the 1hr session you will:

- Understand what a 'cash first' approach to food insecurity is.
- Know what financial advice and support options are available in Cornwall.
- Feel confident about using the leaflet to ask people about wider money worries and guide them to support

Training dates: Tues 18<sup>th</sup> Jan 10:00-11:00am **OR** Mon 24<sup>th</sup> Jan 2:30-3:30 (*training is the same on both days*)
