- G) Press & other media

Bell tolls - **Pray Silence for The PRELUDE**

Come and light a candle, for the future of mankind

It's a powerful way to show we care

For those of troubled mind

For thousands, who are suffering in panic or in pain ...

Let's join and help each other, 'til the world is well again.

WELCOME & INTRODUCTION

Our planet & its climate history

Let us learn the new **ABC**

Adapt, Balance & Connect

PROCLAMATION

Take an orange in your hands

Think, the planet's in our hands

Share the light

Hold it tight

Pledge to do all that we can

Who will come to share the light?

*On behalf of the community of Lanlivery
And the drylands in and around the Horn of Africa
I will share the light*

SUMMER 2022 Drought in Cornwall
Haikus & displays by Red Moor students

How well did we do? Adapting?

History of Drought

Please JOIN IN, clapping & singing,

Follow our demonstration

LISTEN

Bell tolls, leader calls loudly **AFRICA 1820s**

Through Eastern Africa, it's unlikely you would know

There were years of drought, famine too, 200 years ago

More droughts have come round since and it's very grim today,

Dried up lakes, desert lands,

For Africa we pray

JOIN

CHORUS We sing to save the planet

With an orange in our hands

RHYTHM RESPONSE X 1

Taking care we light each candle

Wait a moment, until it glows

RHYTHM RESPONSE X 1

Such a powerful combination

Sending hope across ... all lands

RHYTHM RESPONSE X 2 fading out

How drought affects the animals

The Animals go down 2 by 2
To drink, to drink
The Animals go down 2 by 2
To drink, to drink.
The river is dry
No clouds in the sky
And no one can tell them why
So they've all planned a Sacred dance
For to drum up the rain!

Shake out your body x 3

5 6 7 8

Left ... Right, Right & repeat forward

Learn from the Baobab

HAIKU

Trees of Africa

We follow your example

Learning to Adapt!

messages of hope

More Haikus

Sand Dams

Flip Flopi Boats in Kenya

Twinning with Cornwall

SONG FOR AFRICA *See separate word sheet*

Ocean Health and Carbon Capture

Who will come to share the light?

On behalf of the seas around Australia

Around Cornwall & all other oceans of our world

I will share the light

messages of hope

The Earthshot Prize Winners able to grow new coral reefs

The Canadian Company capturing CO₂ in the oceans

Thereby improving acidity
and making Green Hydrogen

Ocean Health and Carbon Capture

Please JOIN IN, clapping & singing,

Follow our demonstration

LISTEN

Bell tolls

Leader calls loudly **AUSTRALIA & ISLANDS 1990s**

As ocean levels rise, and waves are getting warm

Corals die, coast towns flood

Battered by the storms

On the land great fires may rage, and wind will fan the flames

Blackened trees, broken homes

They'll never be the same

CHORUS 2

We sing to save the planet, with an orange in our palms

RHYTHM PART 1

We will find a Climate Partner

Buddy Up with a Climate Twin

RHYTHM PART 1

Listen well and show respect

As we hold them in ... our arms

RHYTHM RESPONSE X 2 fading out

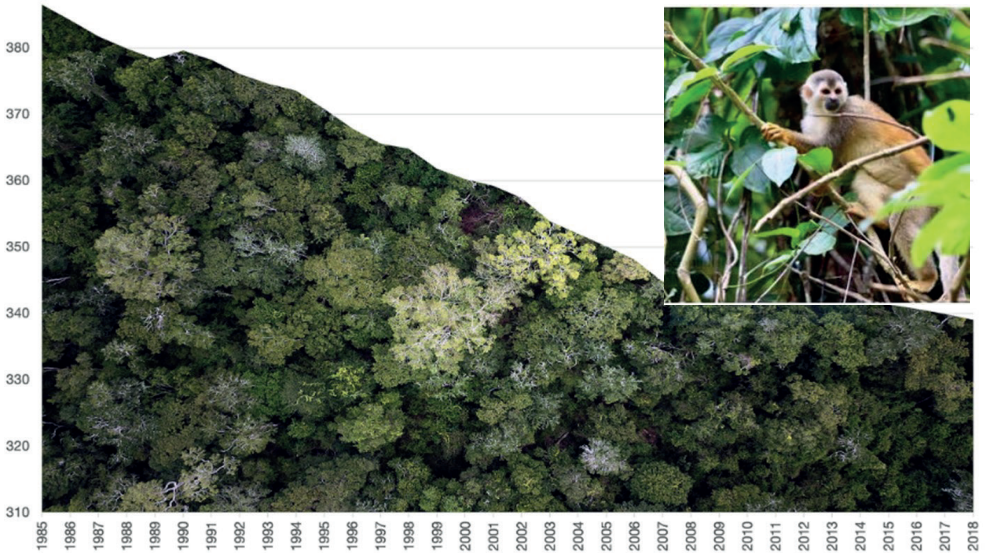

Rainforest Restoration

Who will come to share the light?

On behalf of tree planting everywhere

But especially rainforests of Costa Rica

We will share the light

messages of hope

Haikus and displays by Red Moor School

The Earthshot Prize Winners successfully restoring their rainforests

A Lanlivery resident, working in Costa Rica, reports

Twinning opportunities are explored

Rainforest Restoration

Please JOIN IN, clapping & singing,

Follow our demonstration

LISTEN Bell tolls

Leader calls loudly **RAINFORESTS 2000s**

Since this century began, 800 billion trees

have been lost, felled by man,

And that's hard to believe!

The people left behind will struggle to survive

The Palm Oil and Soya Beans

Will not keep them alive!

FINAL CHORUS

We sing to save the planet!

'cos the future's in our hands

RHYTHM PART 1

We embrace the wider world

Link up continents as one

RHYTHM PART 1

Tackle this great Climate Challenge

Joining towns in diff ... 'rent lands

REPEAT from 'Tackle'

in slower tempo then fast to the end

CONCLUSIONS

For Cornwall & Twinning boat builders

Please join to sing the final song

This little light of mine See word sheet

There will be a collection for
The Disasters Emergency Committee
On behalf of
the Flood ravaged communities of Pakistan

THE BLESSING

messages of hope

After the hymn and the blessing
the School will depart
but the Student Council will stay
to answer your questions
and discuss the future
