

# Bike Pilgrimage Prayer

## Bulletin 4:

Sisters and brothers in Christ,

I also attach the schedule for our biking pilgrimage. 45 churches are ready to host us for times of prayer with their members ready to give us overnight accommodation. At the moment, four of us are signed up for the whole of the journey, from Kent to Lands End and return, and another two will join us for the Lands End to Kent section. In addition, another fifteen have indicated that they are ready to join us for different sections of the route. Added to this are many others, who are giving real thought about joining us, **Robert**.

Simon Beber, married to Fiona, lives in Ross on Wye and is riding the whole distance. He and his family belong to Monmouth Baptist Church. Simon has recently retired from the M.O.D.

Paul and Karien Downes are also riding the whole distance. Karien was a theatre nurse and Paul was a dentist. Their church is St. Mary's Church, Bredin, Canterbury

Attention, all potential cyclists

*Looking at the attachment which accompanies this bulletin, please begin to decide which portions of the pilgrimage you would like to join. It would be really helpful if you could let me know by the end of November [robertdeberry42@gmail.com](mailto:robertdeberry42@gmail.com)*

*Our next Zoom meeting will on Saturday, November 6<sup>th</sup>, at 9am. Links will come next week.*

**News snips:** On Thursday, October 28<sup>th</sup>, Audrey Skervin and a group from CSW and their supporters lobbied the Nigerian High Commission in London about the continuing awful of abductions of girls in northern Nigeria. Audrey is helping us set up the bike pilgrimage) Sadly, in the last days of October IS has bombed and targeted buses in Uganda.....On October 25<sup>th</sup>, a military coup in the Sudan is a threat to the recent more tolerant attitude to Christians.

**Biblical insight -Philippians chapter 4, verses 10-20**

Paul is imprisoned in Rome, but has received from his great friend Epathroditus a gift from Christians in Philippi, hundreds of miles away. Those of us riding our cycles or car-driving are like Epathroditus, linking those whom we love and know in our churches to Christians who are suffering so deeply for their love of Jesus. As Paul wrote, "To our God and Father be glory"

We must give thanks for the many churches, which will host us for prayer and for overnight hosting.
