St Austell Christian Resources and Education

Our vision 'Practically promoting Christian unity'

We are a group of Christians, from a wide range of Church backgrounds, (Adventist, Anglican, Methodist and Roman Catholic at present) who join together to share our Christian unity.

We are committed to the SACREdplace vision and seek to work with any compatible Christian groups and churches to renew this very special and fruitful project. We hope to provide Christian resources across central and west Cornwall once again from a base in St Austell, where we will also offer pastoral support to all who come.

Please complete our survey (which will take about 5 minutes to complete) so we can understand your needs and grow our Christian outreach and service together.
