**Subject:** They'll shape the future 🌐

**Hey Friends,**

Over the next 25 years **one billion students** will go through the world's universities and colleges.

For a short time, some of the brightest minds gather together in their most formative years. Students from every nation, studying in every nation.

Universities and colleges are greenhouses where the seeds of potential begin to germinate. They eventually grow to become world leaders, church leaders, business leaders, teachers, doctors, entrepreneurs, inventors, philanthropists, politicians, producers, artists, musicians.

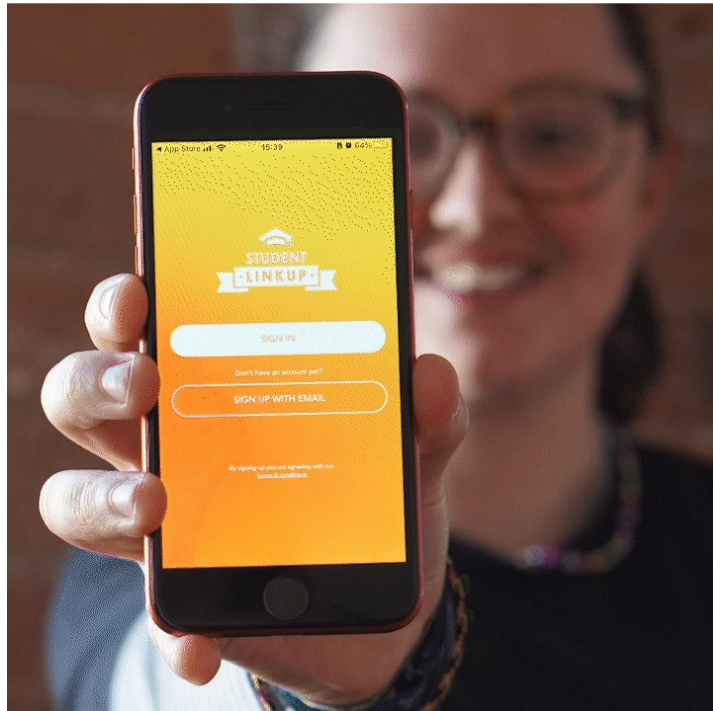

**They will shape the future and shake the culture.**

What if in every university city in the world a local church had welcomed them?

What if a local church had reached out to them?

Would the world change?

**We think so.**

[Student Linkup](#) connects student to church and church to student, globally. We want to help university students come to know Jesus and commit to being part of his family; the Church.

We invite you to partner with us in bringing God's love to the universities, to see a generation respond to Jesus.

If you're a student download the [Student Linkup App](#) today! If you know a student or young person heading to university soon, **send them a message** or [forward them this email!](#)

**Download the Student Linkup App**
