Solidarity with the Global Student Movement Protesting for an End to the Genocide in Palestine

We stand in full solidarity with students across the globe protesting to demand universities divest from institutions profiting from or engaging in Israel's acts of occupation and genocide in Palestine. The fight for peace and liberation is fundamental to climate justice and overcoming the climate emergency.

As students launch a new wave of action on campuses across the UK, we applaud the bravery and resilience of all students and staff – on these shores and beyond – protesting for divestment, boycotts and sanctions to bring an end to the genocide and for the liberation of the Palestinian people.
