Subject: 'Where Your Treasure Is': A Five-Week Lent Course from Operation Noah

OPERATION NOAH

Faith-motivated. Science-informed. Hope-inspired.

Where Your Treasure Is: A Five-Week **Lent Course**

Dear Friends,

We have an exciting new resource coming soon that we want to let you know about in time for Lent 2025.

Where Your Treasure Is is a five-week course from Operation Noah exploring how we can use our money to tackle the climate crisis. Each week includes a reflection and discussion questions, a prayer and suggested actions.

The course will address the following questions and topics:

- What does the bible say about money?
- Using our money to care for creation
- Money and Climate Justice: Why our money might be a problem and how we can be part of the solution
- Using our money to love our neighbours in the context of climate change
- Hope and Prophetic Action: How the church can use its money prophetically and inspire hope

Please [register here](#) and we will notify you when the course is ready to download.

At Operation Noah, we will also be running the course as a series of lunchtime Zoom meetings on Wednesdays in Lent, and you are very welcome to join us. To register for the 1pm Zoom meetings, please [click here](#).

We hope this course will be both a blessing and a challenge both to individual Christians and to churches as we explore how we can use our money to tackle the climate crisis.

The Operation Noah Team

Operation Noah is a Christian charity working with the Church to inspire action on climate change.

We rely on donations to do what we do. Please [support us if you can](#).
