Hey Friends,

Whether we have language to articulate it yet, we are beginning to get glimpses of it across our churches and campuses, it's undeniable that **there is a new thing happening across this nation**, some may call it revival or awakening, but whatever language we use we have to acknowledge something is happening in this generation.

We, as Fusion, over the past year, are aware that the tide is turning in the student world, students are having visions of Jesus, **non-christian friends are getting baptised and coming to know Jesus themselves, unprompted visits to church, dreams and visions, whatever the means.**

We are gathering together with those who are not willing to settle for status-quo, those who are willing to pay the cost to see their friends encounter Jesus.

We are gathering with those who are **Wide Awake** to God and His Spirit at work in our lives, churches, and campuses. **Join us in June for this year's Wide Awake.**

Would you join us on the **25th & 26th of June** in **St Peters in Loughborough** as we gather to contend for a move of God in this nation?
